This Document is for information purpose only and does not constitute an offer or a recommendation to buy or sell any securities. It is not intended for distribution, use or publication in any jurisdiction where such distribution use or publication would be prohibited. This document is the property of GAMA and is addressed to its recipient exclusively for their personal use. It may not be reproduced (in whole or in part), transmitted, modified, or used for any other purpose without the prior written permission of GAMA. The data are indicative and might differ significantly depending on market conditions. We do not guarantee the timeliness, accuracy or completeness of the information on this document. Information may become outdated and opinions may change, including as a result of new data or changes in the markets. The document may include information sourced from third parties. We are not responsible for the accuracy or completeness of, and do not recommend or endorse, such information. Except to the extent any law prohibits such exclusion, we are not liable for any loss (including direct, indirect and consequential loss, loss of profits, loss or corruption of data or economic loss of any kind) that may result from the use or access of, or the inability to use or access, the materials on this document. The value of investments and any income from them may go down as well as up. Investors may not get back all of their original investment. Past performance is no guarantee of future results. Each investor must make her / his own independent decisions regarding any securities or financial instruments mentioned herein. Investments are subject to various risks, such as credit risk, interest rate risks, currency

risks, or liquidity risks, as well as regulatory, legal and tax risk. The investments mentioned in this document may carry risks that are difficult to assess and quantify and those risks may significantly change over time. Some bond segments with specific features might be considered as complex instruments and may involve a high degree of risks and may be appropriate investments only for sophisticated investors who are capable of understanding and assuming the risks involved. They might therefore be aimed only for those investors that are able to understand the risks involved and are ready to bear their associated risks. Before entering any transaction, investors should consult their investment advisor and, where necessary, get independent professional advice in respect to the risks and suitability of the investment. The liquidity of an instrument may not have a well-established secondary market or in extreme market conditions may be difficult to value, to buy or sell. Tax treatment depends on the individual circumstances of each person and may be subject to change in the future. GAMA does not provide tax advice. Therefore, each investor must verify with his/her external tax advisors whether the securities are suitable for her/his circumstances. GAMA may or may not hold positions in securities as referred to this document in the funds or portfolios managed on behalf of its clients.
