

Prime Alternative Finance I-Shares

Alternative Fixed Income Opportunities

IMPACT INVESTING. Impact Financing.

Prime Alternative Finance (PRALTF) is a well-informed investor fund (professional investor fund in the UK) which seeks to target renewable energy projects which by nature provide a ready source of clean energy to the United Kingdom energy infrastructure benefitting amongst others farming and rural communities and the economy more generally. The employment of this objective has an aim to provide its shareholders with a favourable absolute rate of return while controlling risk and to achieve significant long term capital growth through the diversified investments made by the Sub-Fund in furtherance of the development of the UK renewable energy sector. The strategy focuses on a diversified portfolio consisting of rural, commercial and industrial loans, leases and finance agreements. This portfolio carefully manages individual client and sector asset allocation risk to generate a steady stream of interest income with a low default risk both in individual cases and the wider asset class. The majority of lending activity will be project finance (typically renewable energy and waste to energy infrastructure and may also include specialist machinery, equipment and vehicles) and secured on assets including land, buildings, personal guarantees and sometimes government support incentives. Underlying borrowers include agricultural, farming and food related businesses.

All financing within the Fund is procured and administered by a dedicated, specialist UK based, licensed 'Finance Arranger' which was established more than 20 years ago and has originated more than GBP 1 billion worth of transactions. Using the combined resources of the Finance Arranger and the Fund's Investment Manager, extensive evaluation and research is conducted before any financing opportunity is approved. The combined team has extensive experience in commercial lending and renewable energy infrastructure project finance at large financial institutions. The Finance Arranger has pre-agreed investment parameters and criteria set with the Sub-Fund and these are managed through a Revolving Credit Facility Agreement (RCF) with a defined maturity date that can be extended with the agreement of both parties. The Finance Arranger uses established credit / project evaluation procedures for potential opportunities and sophisticated systems to monitor the in-life performance of individually approved transactions. Opportunities include origination of new project finance transactions and the acquisition of existing project finance transactions funded or jointly funded by related Prestige investment funds and potentially other thirdparty groups. Senior Management may hold indirect beneficial interests in a financed project or controlling stakes within lending entities but have no participation in the running or overall control of the lending entity. All opportunities are subject to a formalised credit and investment committee review and approval, in strict compliance with the investment parameters of the Fund itself and the conflict of interest policy adopted by the Investment Manager, especially the mitigating controls, disclosure and recording rules reflected therein.

- Invests in a diversified portfolio of asset based, finance lending and leasing agreements
- Focuses on secured agricultural, commercial and industrial infrastructure opportunities with renewable energy characteristics under Article 8(1) of the EU SFDR
- Niche strategy

NOTE: This marketing communication is issued and approved by Prestige Capital Management Limited (PCML) which is a full scope AIFM authorised and regulated by the Malta Financial Services Authority (MFSA) and is subject to the full requirements of the Alternative Investment Fund Management Directive (AIFMD). It is not for retail investors. If you are unsure of your classification, you should seek independent professional advice. It contains information on the European Finance Opportunities S.C.A. (SICAV-SIF) sub fund Prime Alternative Finance Fund (PRALTF) which is an Alternative Investment Fund as defined under the AIFMD and is a collective investment scheme as defined by the Commission de Surveillance du Secteur Financier (CSSF); it is licensed by the CSSF to carry out the activities of a collective investment scheme targeting respective eligible investors. PRALTF is actively managed by PCML.

PRALTF is a well-informed investor fund, and potential investors should seek professional independent financial advice prior to making any decision to invest. Please also refer to the Private Placement Memorandum of PRALTF before making any final investment decisions. This Fund is not for sale in the United States of America, its territories and possessions, or available for distribution to, or investments by, US investors. Investments can go down as well as up and you may get back less than your original investment. Do not invest unless you are prepared to lose all the money you invest.

In the UK this document is prepared, issued and approved by Prestige Capital Services Limited (PCSL), which is authorised and regulated in the UK by the Financial Conduct Authority (FCA), and is for information purposes only; it does not constitute an offer to sell or a solicitation of an offer to buy shares in any Prestige Fund/s. The Investment Fund/s and services offered or described within this document are marketed through PCSL.

Well-informed investor fund is a Luxembourg term and is not applicable for UK purposes. In the UK PRALTF is a professional investor fund and is not for retail investors. It is only intended for distribution to persons permitted to receive it by Section 238 of the Financial Services and Markets Act 2000 (FSMA). If you are unsure of your classification, you should seek independent professional advice. The Fund is not subject to UK FCA authorisation and regulation or UK investor protection and compensation schemes. In the UK the fund is considered as an Unregulated Collective Investment Scheme (UCIS) / Non-Mainstream Pooled Investment (NMPI) and classified as Non-Mass Market Investments (NMMI), which is higher risk and not suitable for all types of investors. The Sustainable Finance Disclosures Regulation (SFDR) is an EU regime exclusively relevant to eligible products marketed in the EU and within / to countries that are required to abide by the regime. The UK is not subject to the EU's SFDR 2021 regime.

Trading of PRALTF I-Shares began in 11/2018. Past, future and simulated performance is no guide to future results - investments can go down as well as up and you may get back less than your original investment. Any track record/s and performance data shown is based on the actual lending results published by underlying Investment Advisor/s within PRALTF, which were in existence at the time of creation but should not be relied upon when deciding to invest. Investment allocation scenarios shown are for example only and are subject to change and may vary. Further information on facts, figures and literature contained within the document is available upon request from data@prestigecapitalmanagement.com.mt.

The investment objective of the European Finance Opportunities S.C.A. (SICAV-SIF) ("EFO") is to target renewable energy projects which by nature provide a ready source of clean energy to the United Kingdom energy infrastructure. As to the sub-fund specifically - Prime Alternative Finance Fund - the AIFM integrates sustainability risks into investment decisions for the purpose of the assessment required under article 6(1) of the SFDR and considers that sustainability risks are mitigated by the very nature of the positive ESG impact resulting from the successful employment of the investment objective. Accordingly, the investment objective of the sub-fund - Prime Alternative Finance Fund - has been classified by the AIFM as "promoting environmental or social characteristics" and making "sustainable investments" within the meaning of articles 8(1) of the EU SFDR.
